

PRODUCT SELECTION GUIDE

JIANCHA[®]

-Focus on every connectors

ZHEJIANG GAOSHIWEI AVIATION PLUGIN CO.,LTD.

Zhejiang GaoShiwei Aviation Plugin Co.Ltd. is located in the industrial zone of Panshi Town, known as the "Electric Capital of China". It spans over 4359 square meters and a total construction area of 7389 square meters. The company is adjacent to the national highway 104, 34 kilometers away from Wenzhou Airport, and 30 kilometers away from Wenzhou Railway Station. Founded in 1996, the company has grown and developed over the past decades. It has become a leading manufacturer in the industry, mainly producing various types of connectors. Currently, it produces over 30 series, 50 varieties, and 2000 specifications of products. The main products include P-Series, TP-Series, YD-Series, CX-Series, X-Series, Q-Series, Y2M-Series, XS-Series, DF-Series circular connectors, AZ-Series, CA-Series rectangular plugs, and Heavy-Duty Plugs.

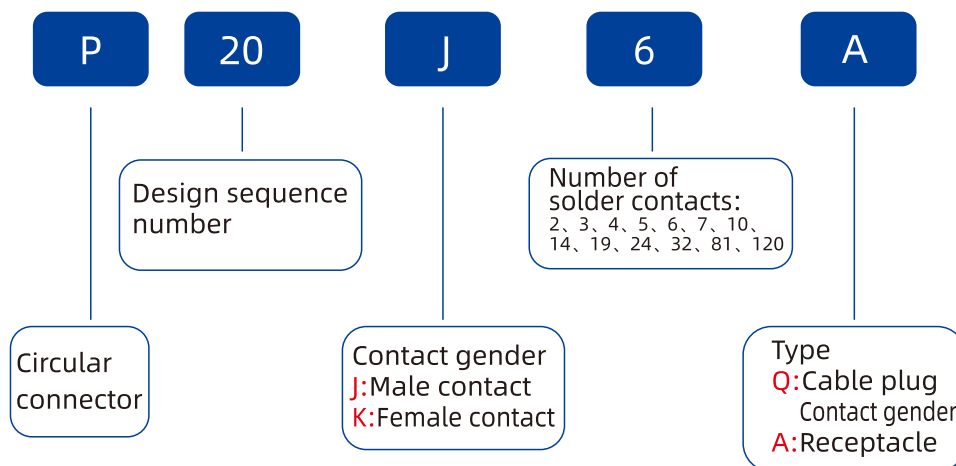

The various connectors are standard products of the Ministry of Electronics Industry, which are divided into sealed and non-sealed types. Products have complete specifications, stable contact, and reliable performance. Over the years, they have been widely used in machine tools, communication, aviation, shipping, medical equipment and other fields. The use of connectors will bring great convenience to establish stable and reliable connections in AC and DC circuits of various electronic and electrical devices.

In recent years, based on the needs of domestic and foreign docking plugin, the company has attached great importance to technology and talents in line with the principle of "science and technology are the primary productive forces". It has paid attention to product quality, technological equipment introduction, and new product research and development. A large number of new products have emerged, and the company has now become a scale enterprise integrating development, manufacturing, and marketing with significant improvements in product quality.

Looking forward, the company will continue to innovate and forge ahead, with the goal of pursuing excellent quality, and is committed to the prosperity and development of the connector industry. We warmly welcome domestic and overseas businessmen to provide technology and cooperation, and create a win-win situation in the 21st century.

Series
YD: Green
YE: Black

Panel diameter:
 20、28、32、
 40、48、55、

Contact gender
J: Male contact
K: Female contact

Number of solder contacts:
 3、4、5、7、10、13、
 19、26、27、31、38、
 40、42、53、61、86

Type
T: Cable plug
Z: Socket

Shell structure and cable fix type:

Straight

- Q:** Plug with PVC sleeve
- P:** Plug for metal hose
- O:** Plug for Nylon hose gland
- B:** Plug for Cable gland
- QF:** Plug with cable clamping plates

Angled

- S:** Plug with PVC sleeve
- R:** Plug for metal hose
- U:** Plug for Nylon hose gland
- SO:** Plug for Cable gland
- SF:** Plug with cable clamping plates
